September 4, 2008

Dear Brothers and Sisters of Calvary,

Children's Choirs at Calvary have been a long-standing tradition dating back to the beginning of our congregation. The voices that children lend to our worship services help to remind us that we are all children of God. To continue this tradition for years to come, we are changing the way we provide this ministry at Calvary.

Starting September 10, our three children's choirs (Angels, Good News and New Life) will combine into one large children's choir for kids in grades kindergarten through sixth. This new combined choir, called Kidz Praize will rehearse on Wednesday evenings from 6 – 6:30 pm instead of Sunday mornings. This will allow both children and parents to take full advantage of Wednesday night programming at Calvary. Kidz Praize will be under the direction of Catherine Bean, a longtime director of children's music at Calvary.

I hope your family will take advantage of this new, exciting change in children's music at our church. Kidz Praize will be an awesome opportunity for your children to connect with God through music for many years to come. Enclosed with this letter is a complete Kidz Praize choir schedule. You'll also find information about KidVenture (our children's ministry) activities on Sunday morning and Wednesday night.

In Christ's Name,

Marty Abbott  
*Director of Music*
